Healthy Children = Bright Futures

Byars Dowdy started the Roar Run event to help promote fitness and healthy lifestyles throughout their community. The school's awareness of childhood obesity and illness called them to action in 2008 after learning that a large portion of students were considered above a healthy weight. One of the school's goals was to raise awareness of this problem and take steps to encourage more physical activity among its students along with their families and even within the community. Once this goal was set, it was decided that a 5k run/walk would be a great event not only for the school, but for the community. All proceeds will go toward the purchase of equipment to update/replace current physical activity areas and materials/resources needed for encouraging healthy lifestyles in our students. This event is open to everyone!
